V-TOL AEROSPACE ACCEPTED AS MEMBER OF UVS INTERNATIONAL

Paris, France – UVS International, the International non-profit association based in Europe grouping manufacturers of unmanned vehicle systems (aerial, ground, naval) has today advised that V-TOL Aerospace has been accepted as a member of its organisation.

V-TOL Aerospace joins Aerosonde to be one of only two Australian companies to be members of UVS International.

V-TOL Managing Director, Mark Xavier said, “we are very pleased to be the second Australian company accepted into this esteemed international UAV industry group of 210 Corporate and Institutional Members from 32 Countries and 7 International Organisations.”
